

PELI STORM CASES

It might be hard to distinguish between **Storm case** and the original Protector case range but look a little closer and you'll notice a few distinct stylistic differences as well as a few functional changes.

Storm cases are lighter than the traditional Peli Protector range, but they're still incredibly strong, durable and watertight cases. Just like all Peli cases, they're also

impact resistant and can withstand extreme temperatures. The o-ring seal perfects these weatherproof cases.

The Storm range provides virtually indestructible cases, which are also covered by the legendary Peli Lifetime Guarantee.
